PORT OF TACOMA REQUEST FOR QUALIFICATIONS No. 070084

NATURAL HABITAT MONITORING SERVICES

1. BIDDER QUESTIONS

Nowhere in the proposal elements/evaluation criteria does the Port ask for key personnel resumes specifically—is this something that you were expecting, and if so can we put them an appendix to our 8 page SOQ?

RESPONSE TO BIDDER QUESTIONS

The evaluation of SOQs will be based on the context of the 8 page SOQ and not the appendices.

Resumes are not required to be submitted. The RFQ mentions requested appendices, other items may be included as an appendix (for example resumes, more detailed project lists, project schedules, etc.) Appendix information will be reviewed as supplemental to the information provided in the SOQ and should enhance and provide more details, but does not replace any information required to be submitted in the 8 page SOQ per the Elements and Evaluation Criteria.
