TIE LOW BID DETERMINATION - COIN TOSS

1. The Port will select a non-biased coin tosser, from the Port, who will officially toss the coin. Port will use a US quarter for the coin toss.
2. Port will invite representatives from both low bidder companies to attend the coin toss, examine the coin and ask any questions.
3. The first individual from either company to get to the Port will call 'heads' or 'tails' when the coin is in the air.
4. Representatives from both low bidder companies may examine the coin prior to it being touched.
5. The side landed face-up will determine the apparent low bidder.

= Neeley called heads  
= Quarter was tails up.
