DATE OF ISSUE QUESTIONS AND ANSWERS: Tuesday, April 12, 2018

Question #	BIDDER QUESTIONS	PORT RESPONSES	Question to Port Date	Response Issued - Date	Attached Document
1	Under qualifications in the "Required" section where it lists the three instructor items (hazmat response experience, CET certification and CHMM certification): are ALL of these required for each lead instructor or is it at least one qualification from the list for each lead instructor?	All three required certifications are required for each training. Whether the certifications are represented by one person or three people is up to the Consultant.	4/6/2018	4/10/2018	n/a
2	Can you provide insight on how much lead time would be provided for the on-call nature of this contract and the frequency of these courses? We understand this is not set in stone and are just inquiring for planning and pricing purposes.	General time frame for the classes will be coordinated several monthsout, with dates and times for each class set 2-3 weeks ahead of time. Usually, there will be on initial 24/40-hour class per year; and enough 8-hour refresher classes for approximately 75 people.	4/6/2018	4/10/2018	n/a
3	My name is [x] and I am the Business Development Manager for [Our Company]. We are interested in bidding for the On-Call Hazwoper Training RFP but I had a quick question. We do a bunch of training for clients on site as well as at our facility. We do not currently have any staff that is Certified Hazardous Material Manager (CHMM) as we have not been required of this before. Will this remove us from consideration if we submit a bid?	Based on the qualifications required in the RFP, yes, your firm would be disqualified if it did not have Certified Hazardous Material Manager (CHMM) certification.	4/10/2018	4/12/2018	n/a
