

Port of Tacoma Request for Proposal # 83131  
Addendum # 2

**Date 8/31/18**

The following is additional information regarding **RFP-83131** titled **IBM Maximo Work Order Scheduling Solution** released on 8/24/2018. **The due date and time for responses remains as 9/7/2018 @ 2:00PM PST.** This addendum includes both questions from prospective bidders and the Port's answers, and revisions to the RFP. This addendum is hereby made part of the RFP and therefore, the information contained herein shall be taken into consideration when preparing and submitting a bid.

Item #	Date Received	Date Answered	Vendor's Question	Port's Answer	RFP Revisions
1	8/27/18	8/27/18	Whether companies from Outside USA can apply for this? (like, from India or Canada)	Firms outside the United States may propose if they can meet the requirements of the RFP.	
2	8/27/18	8/27/18	Whether we need to come over there for meetings?	Meetings and training can be done remotely via phone/web.	
3	8/27/18	8/27/18	Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)	Assuming the submitter can meet the requirements of the work, home office location is negotiable.	
4	8/27/18	8/27/18	Can we submit the proposals via email?	See instructions in RFP 83131, Attachment A on page 2 of 2, Submittal Process attached below.	See Attachment A Instructions
5	8/27/18	8/27/18	I just did a quick read through of the above mentioned RFP and found that the Coded Response Table on page 25 is not showing the response definitions in the table. It appears it the table was cut off when the document was converted to PDF.  Would you please either correct the table and update the RFP, or post an addendum?		See attached reprint of page 25

Addendum #

**Date 8/31/18**

6	8/30/18	8/31/18	Please clarify when references are required. With response, or upon request if chosen as one of the top three submitters?	Reference are required upon request if chosen as one of the top submitters.	
7	8/30/18	8/31/18	It was mentioned that you have a customized Maximo's Work Order Tracking application. What is the nature/purpose of the customization?	<p>We have cloned the standard Work Order Tracking application and changed the following in the cloned application:</p> <ul style="list-style-type: none"> <li>• Changed the order of fields</li> <li>• Hidden some fields that are not currently used</li> <li>• Customized Status change workflow to enforce business rules</li> <li>• Set default values for some fields</li> </ul>	
8	8/30/18	8/31/18	Is integration to the above-mentioned customized module expected or required?	We expect to continue using the customized cloned Work Order Tracking application. If there are additional customizations we need to make to this cloned application to make it work with the chosen scheduling solution then that is acceptable, within reason (such as un-hiding fields that we have previously hidden for example).
