PROPOSER QUESTIONS	PORT RESPONSES	RFP/ RFQ Section
Firm Experience and History: The first bullet under submittal requirements mentions "personnel." Are you looking for the number of personnel at the firm, or something different?	We are not looking for the number of staff, or firm experience over many years, with projects carried out by staff who is no longer with the firm. Please limit firm experience and history to the work that has been done by proposed team members for this project.	
Knowledge and Experience of Key Individuals: Given page limitations, can you confirm what the brief resumes should include? Part of the list appears to be the same as what is being asked for in the Firm Experience and History section.	SOQs must not exceed 12 numbered pages (8 ½ by 11 inch) excluding the cover page, cover letter and requested appendices. Brief résumés for each of the key individuals and/or support staff who will provide the requested services. (Full, one-page résumés may also be attached to the Appendix.)	
Would the Port of Tacoma and the Northwest Seaport Alliance consider the alternative language to the Standard Terms and Conditions as proposed in the attached document?	Yes, see Addendum #1.
