Q&A ISSUE DATE DEC 17 @ 12:00 PM (PST)

PROPOSER QUESTIONS	PORT RESPONSES	RFP/ RFQ Section
Please advise if we can walk-through the premise prior to Pre-bid submission. Secondly, dead line for bidding seems to be very short, any extension option related to this matter?	<p>Bidders may walkdown the exterior grounds of the 2306 and 2336/2338 East 11th Street properties prior to the December 6th site visit. Bidders will not be permitted to enter the 1110 Alexander Avenue property (secured by locked gate) or any of the subject buildings prior to the December 6th site visit.</p> <p>The Port does not anticipate the bid opening date of December 19th will be extended.</p>	
<p>Please advise if the site at 1110 Alexander will require construction fencing?</p> <p>Per the last question – the site is considered secure by the Port.</p>	<p>Construction fencing will not be required at 1110 Alexander. Contractor shall provide lock to be used on the existing gate.</p>
